

HOW THE FOUNDATION STARTED

The Brett Downey Safety Foundation was formed in the loving memory of 11 year old Brett Downey. Brett lost his life on the morning of August 19th 2004, while participating in motocross, the sport he loved.

The Downey family with heavy hearts wanted to do something to help others in the sport. With that very goal, The Brett Downey Safety Foundation was formed.

The mission of the Brett Downey Safety Foundation is to supplement the motocross community by increasing safety awareness of riders, parents, track owners, and promoters to make the sport of motocross as safe as possible, minimizing injuries and helping to preserve all motocross tracks.

Moreover, the Foundation is a non-profit organization lead by a volunteer staff. To learn more about the Foundation please visit:

THE BRETT DOWNEY SAFETY FOUNDATION

is dedicated to improving safety standards in motocross. The Foundation works along side track owners and promoters to improve safety at their facilities.

The foundation educates caution flaggers on the proper way to flag. Furthermore the foundation reaches out to the motocross community to promote and educate riders on how to be safe. The foundation needs your help as it continues to strive towards its goal of raising the standards of motocross safety.
